

LITTERATI

Welcome to Litterati

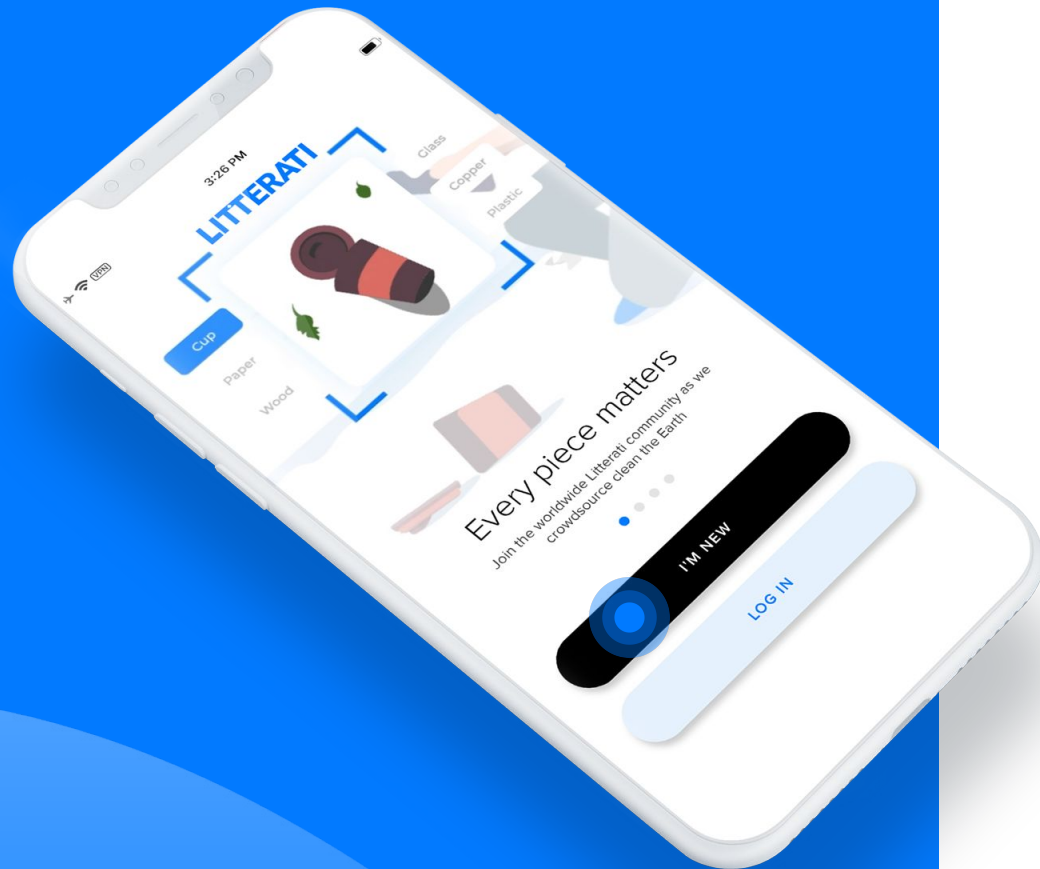

1

Download Litterati from your [App Store](#) or [Google Play Store](#) on your phone.

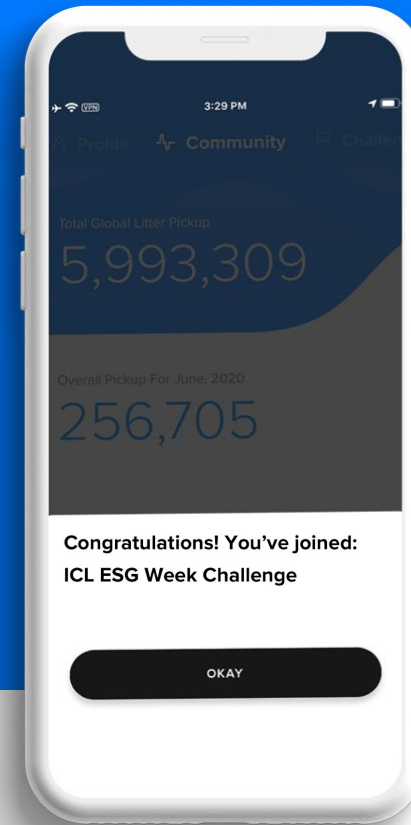

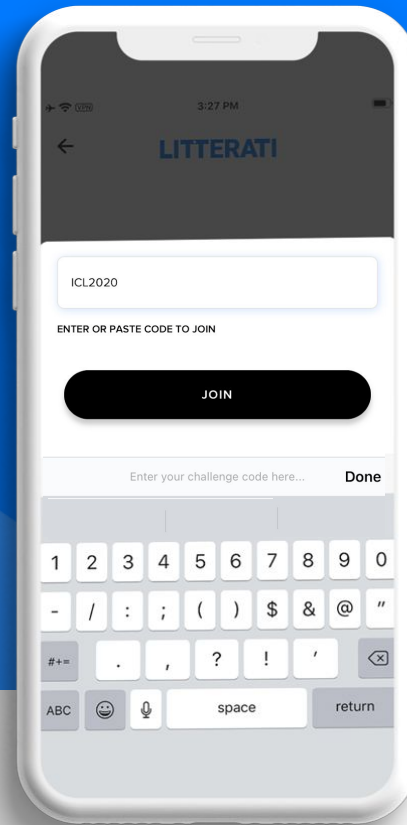

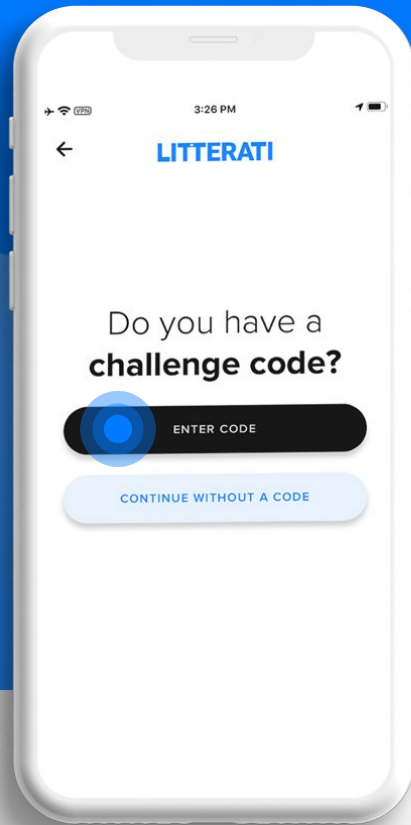

2

Open the app and tap the black button.

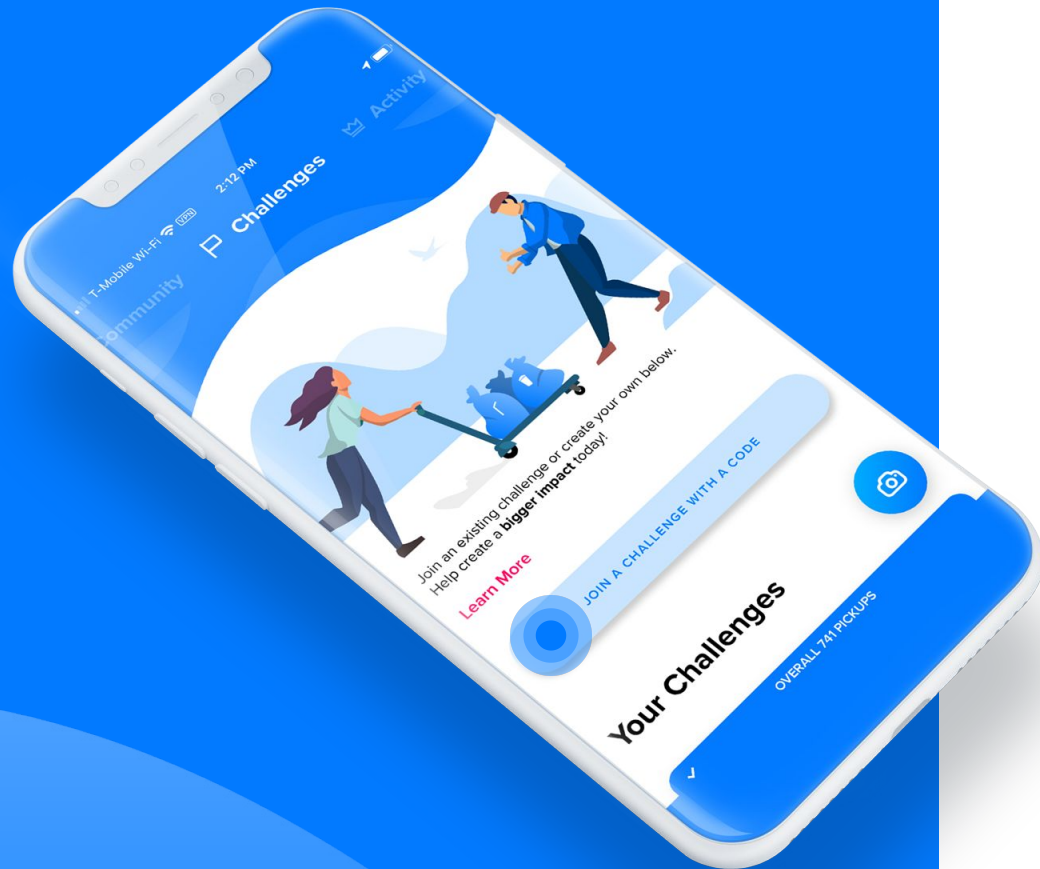

3

Enter your company's challenge code: **C4C-APP**

Note

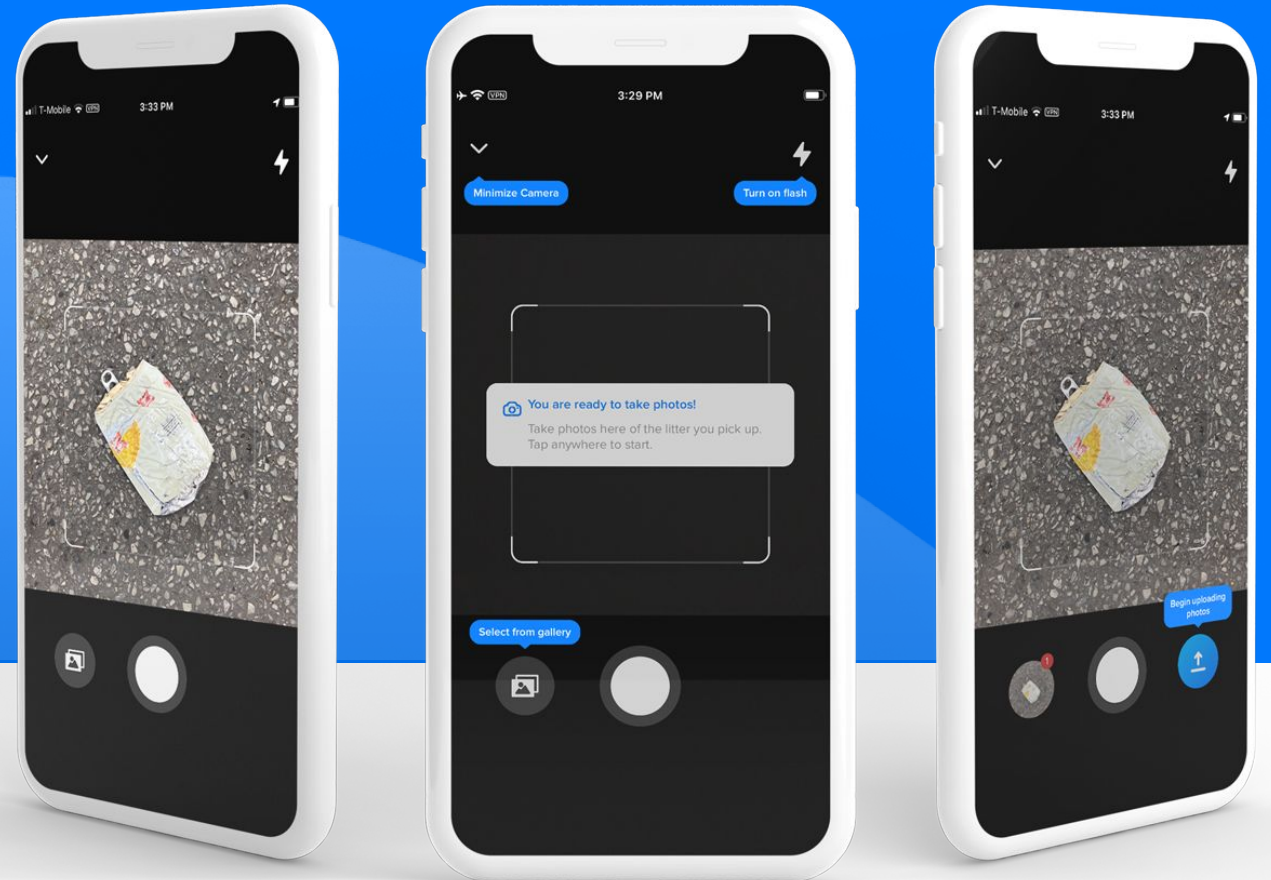

If you've already created your account, you can join Challenges with a code here.

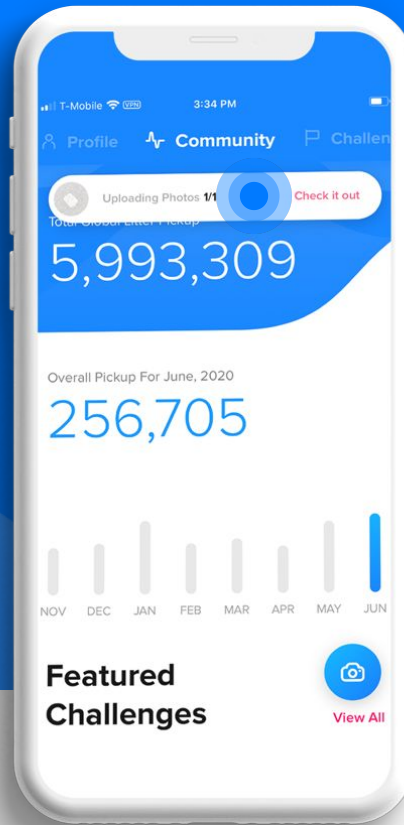

4

Use the Litterati camera to take photos of litter.

Note: Take 1 photo for each piece of litter.

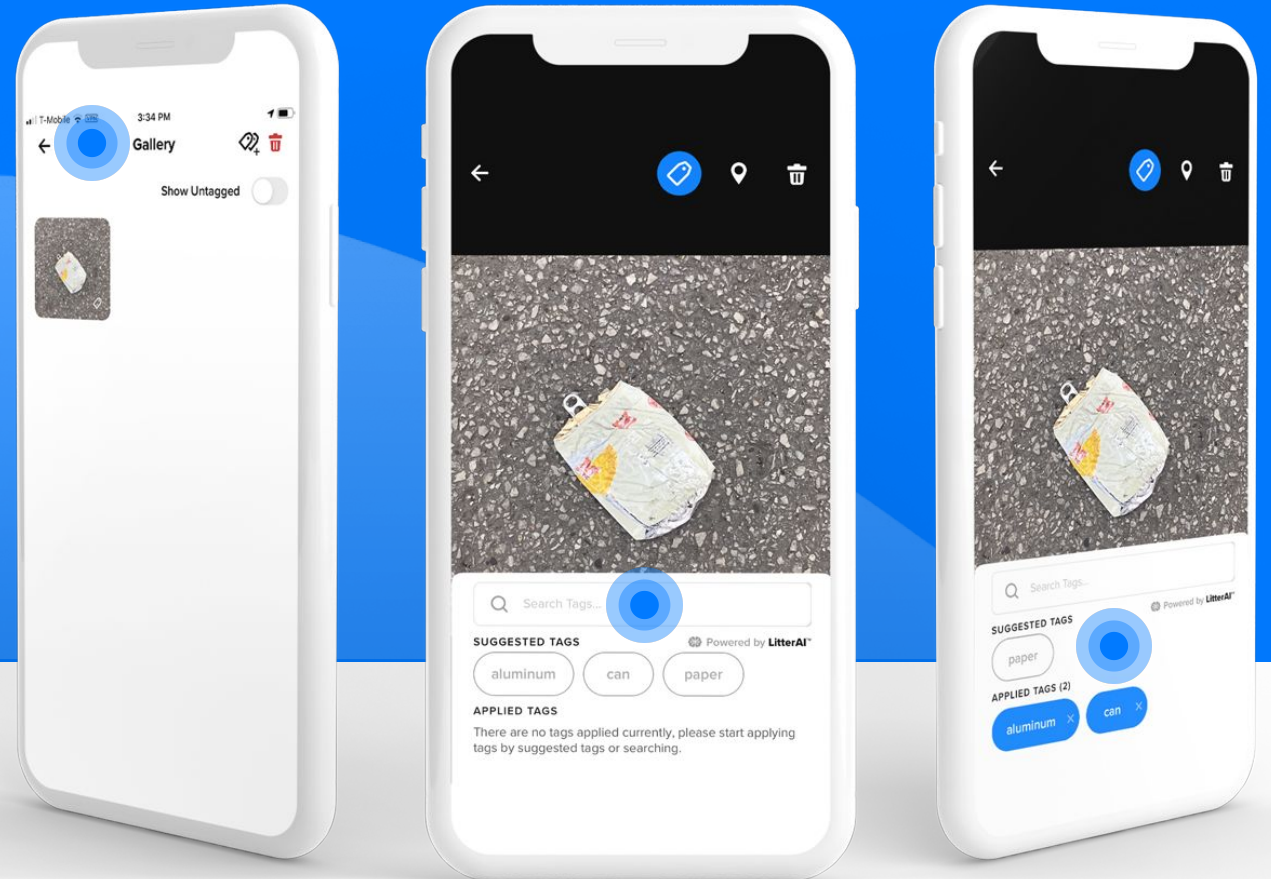

5

When done litter picking, upload the photos.

6

View and tag the photos you took in the gallery in the Profile tab. Litterati's suggestions makes tagging easy.

7

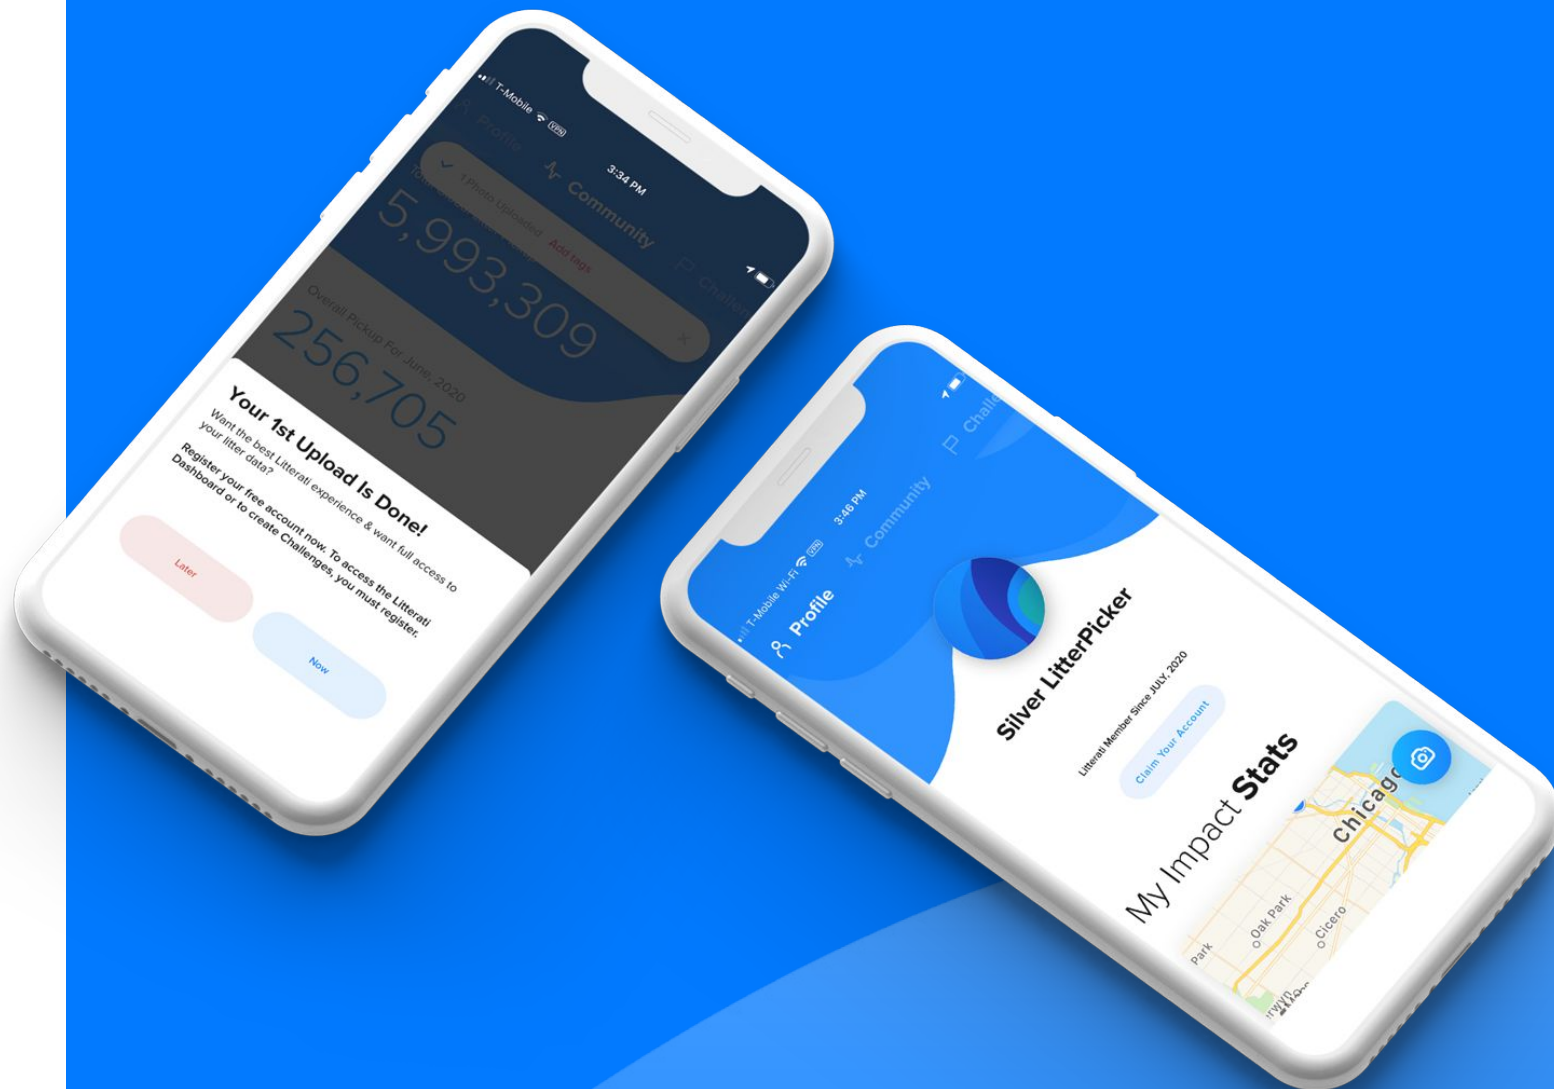

Keep track of your company progress and the Clean4Change Campaign.

8

Choose if you want to claim your account.

Note: If you don't, you're always free to use Litterati as an Anonymous User.

Best Practices

○

1

Take 1 photo for each piece of litter you pick up.

○

2

Take photos from 1 - 3 feet away from the piece of litter.

(0.3 - 1.0 meters away)

○

3

Charge your phone before going out litter picking.

If you plan on doing a long litter picking session & have a power bank, bring it!

Best Practices

4

Upload all your photos at home via WiFi

5

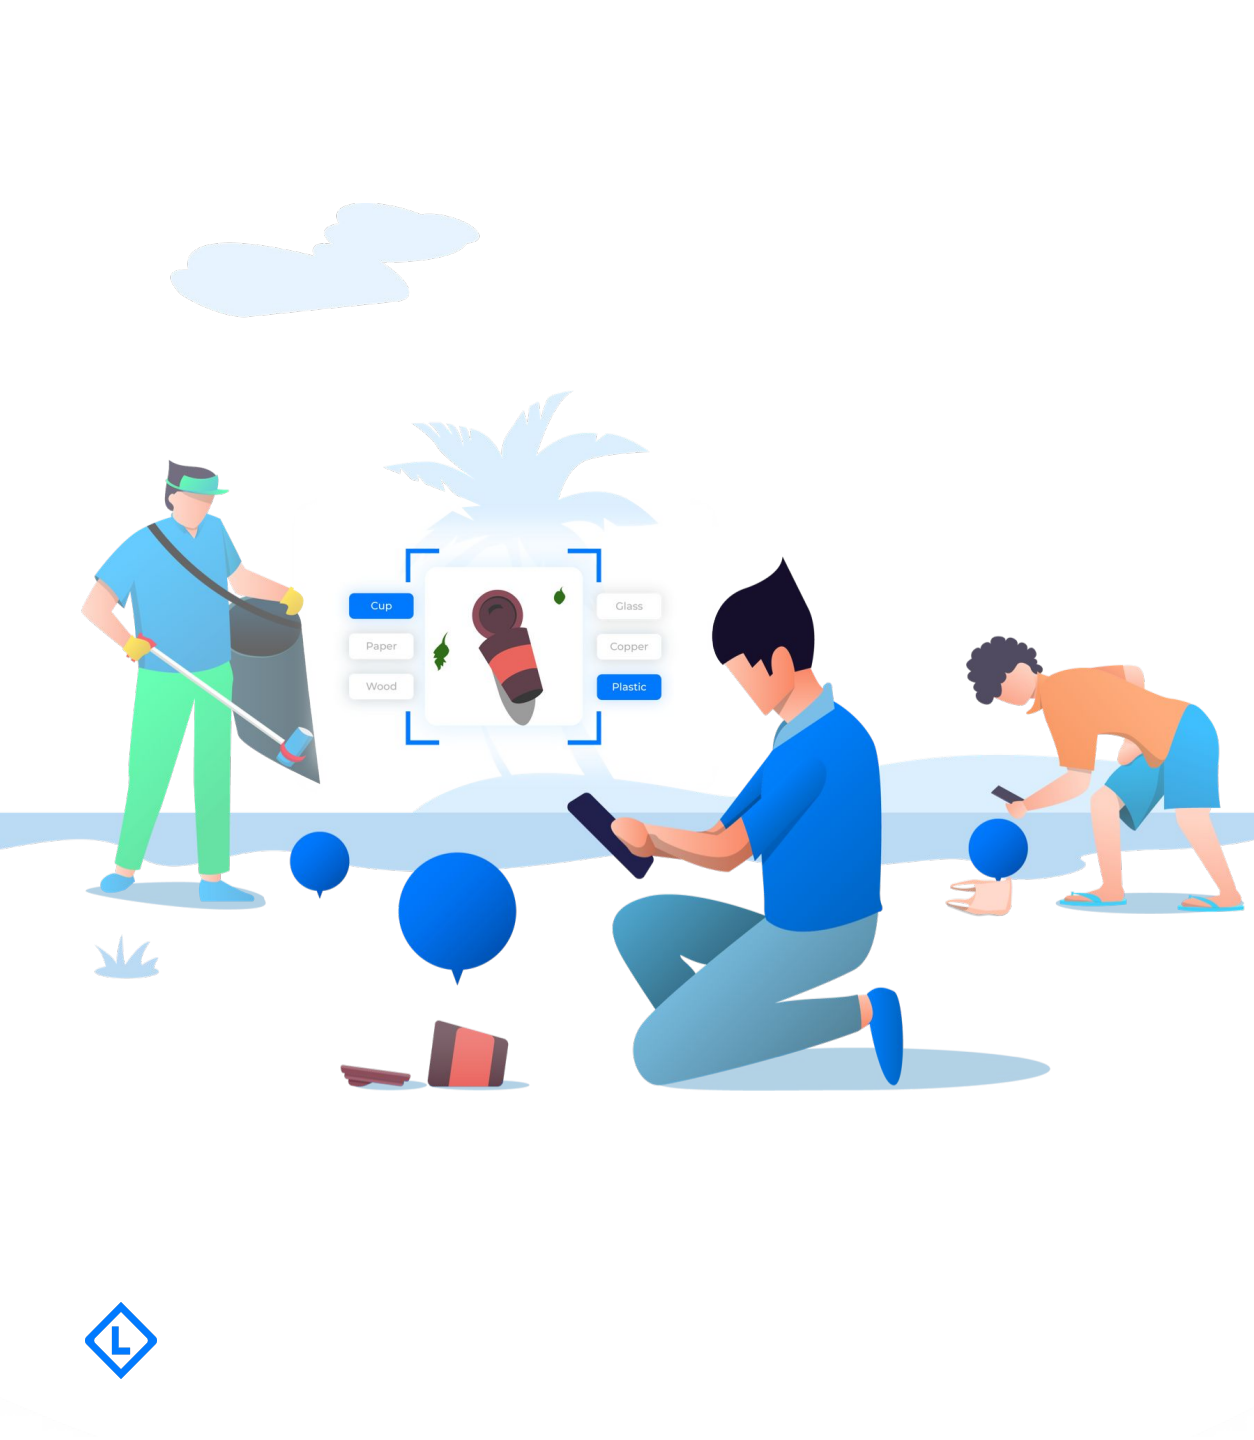

Tag by Object, Material, and (if possible) Brand

6

Have fun with your family and friends!

If you have any questions specifically about your company's campaign, please contact your internal rep leading this effort.
