

SUSTAINABLE  
COLD-CHAIN COOLER

# CRUZ COOL™

[www.atlanticpkg.com](http://www.atlanticpkg.com)

Cruz Foam's compostable cold-chain coolers ensure your perishable goods stay fresh and protected during transit, and naturally decompose into nutrient-rich soil after use.

## SUSTAINABILITY

From sourcing to disposal, Cruz Foam exemplifies true circularity. Made from food waste that was previously destined for landfill, Cruz Foam is ASTM D6400 tested industrially compostable breaking down into nutrient-rich soil after use.

## FEATURES

- Sustainable, compostable cold-chain shipper
- Excellent insulation
- 48+ hour thermal protection
- 6-panel design
- Superior unboxing experience
- One material
- Competitively priced
- Flat-packed for efficient shipping
- **3 standard sizes** (*internal dimensions*):
  - 10" x 10" x 10"
  - 12" x 12" x 12"
  - 14" x 14" x 14"
  - 16" x 16" x 16"
  - 20.75" x 13.5" x 14"
- **Thickness:**
  - Nominal 1" (-0/+0.25")
  - Nominal 1.5" (-0/+0.25")
